SPEAKER MARVEL: The Chair recognizes Senator Hoagland.

SENATOR HOAGLAND: Mr. Speaker and colleagues, I am pleased to cosponsor this resolution praising the Canadians for their heroic efforts in Iran along with forty-six of our colleagues here in the Nebraska Legislature. A number of other legislatures have passed similar resolutions recognizing the Canadians for what they have done. Their actions were truly heroic. They were truly worthy of praise, I think by legislative bodies throughout the country, particularly the actions of the Canadian Ambassador himself. I think we have to recognize that in spiriting out the American hostages those Canadians risked their own lives. They risked their own freedom because if that plot had been uncovered no doubt all of the Canadians would then have been jailed and held hostage along side the remaining Americans and would still be held hostage today. A British statesman not too many years ago said this about Canadian-American relations, "that long frontier from the Atlantic to the Pacific Oceans guarded only by neighborly respect and honorable obligations is an example to every country and a pattern for the future of the world," and those remarks made by Winston Churchill in 1939 during World War II are as applicable to Canadian-American relations today as they were then and I think, I am honored to be able to participate in praising the Canadian government and praising those brave Canadian Ambassadors who participated in that particular escape today and I am pleased to be able to ask my colleagues to join in this praise. Thank you, Mr. Speaker.
